

## What is Picture Magic and how is it different?

PictureMagic is not like the old Photopacks that some of you may still remember. *In fact, Picture Magic couldn't be more different. Picture Magic offers a fresh new way of thinking and learning.* The **new CD** offers an exciting tool for the interactive whiteboard. You will also find “hands on” resources and an inspirational 128 page publication titled “PictureMagic Teacher’s Guide”.

picturemagic

Spark thinking and learning

## A Picture Magic photograph invites...

Curiosity | Wondering | Conversation | Questioning | Inquiry

**A Picture Magic photograph offers something out of the ordinary.**

It delivers the unexpected. It takes us by surprise and shows us something that we may never have seen or thought about before. It captures the imagination and leads us to wonder.

**A Picture Magic photograph offers a fresh perspective.**

It brings things up close and personal. It grabs attention, sparks interest and engages all ages. Picture Magic invites fresh new thinking.

## Picture Magic solves many challenges for the educator

**Picture Magic** offers multi level entry points across both age and ability levels (K – 7).

It covers the essential learnings

It engages both genders

It can be used across the curriculum in a multitude of ways eg. speech & language, special needs, engaging the reluctant learner, inspiring stories, writing, thinking, poems, discussing feelings and emotions... endless possibilities

### About the New CD: Exciting tool for the interactive whiteboard
